

2025 PACIFIC IMPLANT ACADEMY

Hands-On Course Series

February 22,23 / March 1,2 : Basic Implant Course (Dr. Eugene Kim)

March 22,23 : Hawaii course (Dr. Daniel Mayeda/ Dr. Eugene Kim)

- Treatment Planning for a Successful Implant Practice
- Implant Complications. How to Prevent and Manage

**April 12 : Immediate Implant Placement / Socket Grafting
(Dr. Eugene Kim)**

May 31 : Implant Overdentures (Dr. Eugene Kim)

**June 21 : Anterior Workshop 1- Maxillary Anterior Implant
Placement & Screw Retained
Provisional Fabrication (Dr. Eugene Kim)**

**June 22 : Anterior Workshop 2- Replacing Mandibular Incisors
with One Piece Narrow Diameter implants &
Provisional Fabrication (Dr. Eugene Kim)**

**August 24 : Simplified Bone grafting Techniques for General Dentists
(Dr. Bassem Farid - OMFS)**

September 13 : Full Arch Implant Fixed Restorations (Dr. Eugene Kim)

**October 4 : Sinus Workshop 1- Vertical Sinus Augmentation
(Dr. Eugene Kim)**

**October 5 : Sinus Workshop 2 - Lateral Sinus Augmentation
(Dr. Eugene Kim)**

MARCH 22

TREATMENT PLANNING FOR A SUCCESSFUL IMPLANT PRACTICE

&

MARCH 23

IMPLANT COMPLICATIONS (HOW TO PREVENT AND MANAGE)

**MARCH 22,23
8 AM-2 PM**

CE : 10 UNITS

**FEE : \$ 500
FOR ONE OR BOTH DAYS**

**HILTON WAIKIKI BEACH
RESORT & SPA
2500 KUHIO AVE.
HONOLULU, HI 96815
(SPECIAL ROOM RATES
AVAILABLE)**

- Proper patient communication and treatment planning are essential in providing implant services. Learn to treatment plan atraumatic extractions, implant placements and esthetic prototype restorations in one appointment. Single through full arch implant cases will be discussed.
- Join us to learn about how to prevent and manage surgical and prosthetic implant complications.

BASIC IMPLANT COURSE

WITH

LIVE SURGERY (BRING YOUR OWN PATIENT)

**FEBRUARY 22,23
MARCH 1,2**

9AM TO 4 PM

CE : 21 UNITS

**FEE: \$ 3000
+ \$500(LIVE SURGERY)**

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.
&**

**5861 BEACH BLVD.
BUENA PARK, CA 90621**

Course Content :

- Dental Implant Surgical Treatment planning for long term success
- Different flap designs and how to quickly raise full thickness flap
- Choosing proper implant width and length
- How to achieve proper implant depth
- Atraumatic extraction for socket grafting and immediate placement
- Socket grafting techniques
- Single stage surgery vs two stage surgery
- Pre & post op medications and instructions
- Preventing and managing complications

IMMEDIATE IMPLANT PLACEMENT

&

SOCKET GRAFTING (LECTURE & HANDS-ON)

APRIL 12, 2025

9AM TO 4 PM

CE : 7 UNITS

FEE : \$1000

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.**

Topics to be covered :

- Each specific tooth socket requires unique and specific osteotomy and implant insertion techniques. Participants will learn the skills necessary to perform immediate placement in all types of fresh extraction sockets.
- Advantages and Indications of Immediate Implant Placement in Fresh Extraction Sockets
- Techniques for Atraumatic Extraction and Immediate placement
- Indications & Techniques for Socket Graft
- How long to wait before restoring Immediately placed implants

IMPLANT OVERDENTURES

(LECTURE & HANDS-ON)

MAY 31, 2025

9AM TO 4 PM

CE : 7 UNITS

FEE : \$1000

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.**

Topics to be covered :

- Advantages and disadvantages of Overdentures
- Proper case selection
- How to place implants for Overdentures (flap design, how many, where, why and when)
- Locators vs Bars
- How to fabricate Implant Overdentures (step-by-step presentation)
- Treatment planning using Implant Overdentures
- Avoiding problems
- Maintenance procedures

ANTERIOR WORKSHOP 1

MAXILLARY ANTERIOR IMPLANT PLACEMENT

&

SCREW RETAINED PROVISIONAL FABRICATION (LECTURE & HANDS-ON)

JUNE 21, 2025

9AM TO 4 PM

CE : 7 UNITS

FEE : \$1000

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.**

Topics to be covered:

- Fundamentals of Immediate Implant Placement in Fresh Extraction Sockets
- Techniques for Atraumatic Extraction & Immediate Placement
- Osteotomy : Proper Position, Angulation & Depth for Maxillary Anterior Implants
- Step by Step Techniques for Immediate Maxillary Anterior Provisional Crown Fabrication
- How Long to wait before Restoring Immediately Placed Implants

ANTERIOR WORKSHOP 2

REPLACING MANDIBULAR INCISORS WITH ONE PIECE NARROW DIAMETER IMPLANTS

&

PROVISIONAL FABRICATION (LECTURE & HANDS-ON)

JUNE 22, 2025

9AM TO 4 PM

CE : 7 UNITS

FEE : \$1000

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.**

Topics to be covered :

- Fundamentals of Immediate Implant Placement in Fresh Extraction Sockets
- Techniques for Atraumatic Extraction & Immediate Placement for Mandibular Anteriors
- Osteotomy : Proper Position, Angulation & Depth for Mandibular Anterior Implants
- Step by Step Techniques for Narrow Diameter Anterior Provisional Crown Fabrication
- How Long to wait before Restoring Immediately Placed Implants

SIMPLIFIED BONE GRAFTING TECHNIQUES FOR GENERAL DENTISTS

(LECTURE & HANDS-ON)

AUGUST 24, 2025

9 AM TO 4 PM

CE : 7 UNITS

FEE : \$1000

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.**

Topics to be covered :

- PRF (Platelet Rich Factors) as a membrane and fibrin glue technology
- How to isolate concentrated growth factors from whole blood as an additive to the bone graft
- Butterfly technique versus angiocatheter (Seldinger) needle over catheter technique
- Presentations on Various cases using simplified GBR technique with PRF
- Hands on Venipuncture, collection of blood specimens using butterfly and angiocatheter techniques
- Hands on Bone Grafting using PRF membrane

FULL ARCH IMPLANT FIXED RESTORATIONS

SEPTEMBER 13, 2025

9AM TO 4 PM

CE : 7 UNITS

FEE : \$1000

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.**

Topics to be covered :

- Selecting right type of patients for Full arch implant fixed prosthesis
- Pre-surgical planning and performing multiple implant placement surgeries
- Pros and cons of different ways to provisionalize patients
- Impression techniques for extreme accuracy
- (Hands-On) How to take accurate bite records to minimize occlusal adjustments during delivery appointment
- (Hands-On) Importance of esthetic try in Role of fixed provisional prosthesis
- Discussion on different material and prosthesis designs

SINUS WORKSHOP 1

VERTICAL SINUS AUGMENTATION

OCTOBER 4, 2025

9AM TO 4 PM

CE : 7 UNITS

FEE : \$1000

**13043 166TH ST.
CERRITOS, CA 90703
US DENTAL INC.**

Topics to be covered :

- Proper Case Selection for Vertical Sinus Lift
- Step by Step Technique
- Diagnosis & Treatment planning for Success and Avoiding Complications
- Discussion on Shorter Implants
- Flap design for Vertical Sinus Lift
- Hands on Plastic models
